

Call for Papers

The journal “Statistica Applicata – Italian Journal of Applied Statistics” aims at fostering innovative research outcomes on indicators on, as well as developments in statistical models and methods for the measurement and analysis of the effectiveness of higher education programmes and systems. So the Journal requests a

Call for Papers

in order to publish a special issue on “Measures and Models to Assess University Effectiveness”. Original contributions are to be submitted **by July 15, 2012**. Submissions will go through a review process. Composition rules and templates can be downloaded from the Journal website (<http://sa-ijas.stat.unipd.it/instruction.html>).

Scholars interested in the Call are invited to send an email to the Journal (sa-ijas@stat.unipd.it) providing a provisional title of the paper and an abstract of no more than 20 rows by **April 30, 2012**.

Should the number of papers exceed the typical size of an issue of the Journal, a second special volume, possibly on “Market Value of University Degrees: Models and Indicators”, will be developed.

Please, contact Dr. Giovanna Boccuzzo, Editorial Manager (+39 049 8274194, giovanna.boccuzzo@unipd.it) for any further information.

.....

“Statistica Applicata – Italian Journal of Applied Statistics” is a four-month journal founded in 1967. It has been directed by professors Luigi Muttarini, Ettore Marubini, B. Vittorio Frosini and N. Carlo Lauro. The current Editor in chief is professor Luigi Fabbris. Interested scholars can freely download from the Journal website (<http://sa-ijas.stat.unipd.it>) PDF papers published from 1983 to 2009.
