

The journal “Statistica Applicata – *Italian Journal of Applied Statistics*” aims at fostering innovative research outcomes on geomarketing and, in general, on spatial statistics methods, models and indicators for decision making in business and services.

The Journal requests a

Call for Papers

in order to publish a special issue on “Spatial statistics for business and services”. Original contributions are to be submitted **by July 30, 2013**. Submissions will go through a review process. Composition rules and templates can be downloaded from the Journal website (<http://sa-ijas.stat.unipd.it/instruction.html>).

Scholars interested in this Call are invited to send an email to the Journal (sa-ijas@stat.unipd.it) providing a provisional title of the paper and an abstract of no more than 20 rows by **May 30, 2013**.

Editors of this Special Issue are: Prof. Tonio Di Battista, Università G. d’Annunzio Chieti-Pescara and Prof. Dr. Habil. Sikos T. Tamás DSc., Budapest University, Ungheria.

Any question about conference topics can be requested to the Italian Editor Prof. Tonio Di Battista (dibattis@unich.it). For any technical detail, please contact Dr. Giovanna Boccuzzo, Editorial Manager (sa-ijas@stat.unipd.it).

“Statistica Applicata – Italian Journal of Applied Statistics” is a four-month journal founded in 1967. It has been directed by professors Luigi Muttarini, Ettore Marubini, B. Vittorio Frosini and N. Carlo Lauro. The current Editor in chief is professor Luigi Fabbris. Interested scholars can freely download from the Journal website (<http://sa-ijas.stat.unipd.it>) PDF papers published from 1983 to 2009.
