

The Geneva School of Economics and Management of the University of Geneva (Switzerland) invites applications for a position of

ASSISTANT/ASSOCIATE/FULL PROFESSOR
in Statistics
at the Research Center for Statistics
www.stat-center.unige.ch

JOB DESCRIPTION: We are seeking candidates with an internationally recognized research record in statistics and its applications and proven ability to direct research of high quality. The teaching load will include a basic Bachelor course and graduate courses in statistics.

Depending on the qualifications of the candidates the position is opened ranging from the level of a (tenure track) assistant professor to the level of associate or full professor. Candidates in the early stages of their career with demonstrated potential for high quality research are therefore also encouraged to apply.

QUALIFICATIONS: Candidates must hold a PhD in statistics (or equivalent).

AVAILABILITY: August 1st, 2015 (or at a later date to be discussed).

APPLICATIONS: Applications should include a cover letter, a curriculum vitae, a list of publications on which the candidate will indicate the four most representative of his research, and three names of individuals willing to write a recommendation letter. They must be submitted exclusively online at <https://jobs.icams.unige.ch>. **Deadline for applications: November 10, 2014.**

Information about the position can be obtained at:
