

International Conference on The Mathematics of Subjective Probability

1st – 3rd September 2021

Program:

Wednesday 1st September

15:30 - 16:30	Nabil AL-NAJJAR	<i>TBA</i>
16:30 - 17:30	Pierpaolo BATTIGALLI	<i>Belief change, rationality and solution concepts in sequential games</i>
17:30 - 18:00	Edi KARNI	<i>A theory-based decision model</i>
18:00 - 18:30	Zvi SAFRA	<i>Ranking of experiments</i>
18:30 - 19:00	Evan PIERMONT	<i>Failures of contingent thinking</i>
19:00 - 19:30	Miklos PINTER	<i>Charges and bets: a general characterisation of common priors</i>

Thursday 2nd September

15:30 - 16:30	Bhaskara Rao KOPPARTY	<i>Completeness of L_p spaces of charge spaces</i>
16:30 - 17:30	Massimo MARINACCI	<i>Making decisions under model misspecification</i>
17:30 - 18:00	Luciano POMATTO	<i>Monotone additive statistics</i>
18:00 - 18:30	Tommaso DENTI	<i>Model and predictive uncertainty: a foundation for smooth ambiguity preferences</i>
18:30 - 19:00	Pietro SIORPAES	<i>Discretizing some optimal transport problems with linear constraints</i>
19:00 - 19:30	Poramapa POONPAKDEE	<i>Ambiguous business cycles and uncertainty</i>

Friday 3rd September

15:30 - 16:30	Frank RIEDEL	<i>Knight-Walras equilibria in infinite dimensions and financial market equilibria in continuous time</i>
16:30 - 17:30	Giulianella COLETTI	<i>Coherent (conditional) probabilities and different models to manage uncertainty</i>
17:30 - 18:00	Sabrina MULINACCI	<i>Extensions and distortions of λ-fuzzy measures</i>
18:00 - 18:30	Davide PETTURITI	<i>Assessing coherent beliefs in Dempster-Shafer theory</i>
18:30 - 19:00	Giuseppe SANFILIPPO	<i>Compound conditionals, Fréchet-Hoeffding bounds and Frank t-norms</i>
