

ENBIS is in the process of moving its membership database to a new membership tool.

To access the private areas of www.enbis.org from now on, and also for registering to events at conferences.enbis.org, you need to create a new password for your account in this new membership tool. The process is very simple:

1. Create a new password at <https://members.enbis.org/auth/forgot-password>. In the field E-Mail Address, write the e-mail address where you receive messages from ENBIS.

The screenshot shows a web form titled "Request to Reset Password". It features a single input field labeled "E-Mail Address" with a placeholder text "E-Mail Address". To the right of the input field is a yellow button labeled "Reset Password". At the bottom left of the form, there is a link labeled "← Back".

2. Follow the instructions in the e-mail that you will receive to create a new password.

Hello!

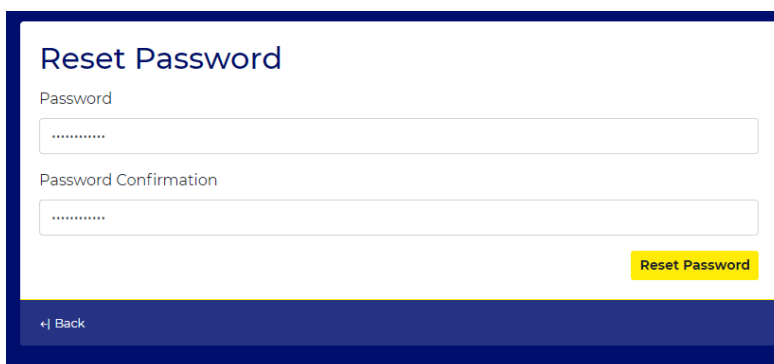

You are receiving this email because we received a password reset request for your account.

[Reset Password](#)

This password reset link will expire in 60 minutes.

If you did not request a password reset, no further action is required.

Regards,
Enbis Memberships

The screenshot shows a web form titled "Reset Password". It features two input fields: "Password" and "Password Confirmation", both with placeholder text ".....". To the right of the second input field is a yellow button labeled "Reset Password". At the bottom left of the form, there is a link labeled "← Back".

Your username in the new system will be your e-mail, and your password the one you just created.

In case you have any problems, please contact office@enbis.org. Thank you!
